

## OVERVIEW

SIXT SE is a global leader in mobility services, renowned for its premium vehicle fleet, world-class customer service, and competitive pricing. Founded in 1912 and managed by four generations of the Sixt family, the company—headquartered in Pullach, Germany—currently has 2,200 locations in over 110 countries.

With its products *SIXT rent*, *SIXT share* and *SIXT ride*, the company offers a unique, integrated range of global mobility services in the areas of car rental, car sharing and ride services. These products can be booked via a single app that also integrates the services of mobility partners. SIXT is present in approximately 110 countries worldwide.

SIXT continues to bring its unique offering to new markets, most notably the United States. Entering the U.S. market in 2011, the company opened its first location at Miami International Airport, and has since expanded to 63 locations in 17 different states. SIXTs success in the U.S.—with 9 years of continuous growth and new locations opening as quickly as possible—is well-documented. In late 2017, in order to keep up with rapid expansion, SIXT purchased a new North American headquarters in Ft. Lauderdale, FL. Employing more than 1200 employees in the U.S., the mobility provider is continually looking to find new talent, and expects to add many new hires to the SIXT USA family in the next few years.

## LOCATIONS

**Since 2011, SIXT USA has opened 63 locations in 17 states, including 26 airport locations:**
